Dear Sir:

**DECLARATION ESTABLISHING  
PROPRIETARY INTEREST OF PERSON SIGNING  
ON BEHALF OF AN OMITTED INVENTOR**

I, George D. Senn, Secretary of NCE Corporation, a Delaware corporation, 2150 Chennault, Carrollton, Texas 75006, am the person signing the Declaration for the above-identified Reissue Application on behalf of the omitted joint inventor Ralph M. Greene and make this Declaration as to the facts establishing the proprietary interest of NCE Corporation.

NCE Corporation certifies that it is the Assignee of the entire right, title, and interest in the above-identified Reissue Application, as evidenced by evidentiary documents recorded in the U.S. Patent and Trademark Office at Reel 5715, Frames 0001-0002 and at Reel 7189, Frames 0786-0792, and by the attached Assignment from NCE Concepts, Ltd. to NCE Corporation.

I have reviewed all the documents in the chain of title of the above-identified Reissue Application and, to the best of my knowledge and belief, title is in the Assignee identified above, NCE Corporation. I am empowered to sign this certificate on behalf of Assignee NCE Corporation.

This Reissue Application was filed on April 19, 1995 to preserve the rights of NCE Concepts, Ltd., predecessor in interest to Assignee NCE Corporation, and prevent irreparable damage before the expiration of the two-year deadline for broadening the scope of issued claims in U.S. Patent 5,203,267 under 35 U.S.C. § 251. Mr. Greene is no longer an employee of New Clear Energy, Inc. or NCE Concepts, Ltd., nor is Mr. Greene an employee of NCE Corporation. Mr. Greene was previously contacted by patent counsel for NCE Concepts, Ltd. and declined to execute the Declaration for this Reissue Application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
